

Herbst Interest

Herbst Interest Calculator

Calculate interest on any amount over any period

Calculate interest that has been charged on an amount

See DIRT Tax payable in an instant

Quick and easy to use

Installs in seconds

Used by:

Anyone who needs to quickly calculate interest on overdue accounts

Anyone who finds they have been charged interest (by the Bank, or a Supplier) and who wishes to determine principle, rate, period, or interest totals

Simple Operation:

Given two of the following three elements (Interest rate, period, or principle), Interest Calculator quickly:

- Calculates Period Length (Interval of to and from dates, months, or years)
- Calculates Principle
- Calculates Interest Rate Percent
- Calculates Total Interest Over the Period Length

Do you have multiple Interest Calculations to perform and need to see and compare the results of each? Interest Calculator allows you to Add each calculation to a list on your screen (which is also available to print).

Compounding:

Do you have a need to see the Interest Compounded? Interest Calculator allows one click on the "Compounding" button to calculate the compound interest for you. Save this calculation as well, and continue without losing a beat.

Tax:

Instantly see the influence of taxes on your Interest Calculation. Interest Calculator provides Net and Gross Interest to be calculated if Tax is involved.

Printing:

Printing is a snap. Just click on the familiar Microsoft "File" option, and select "Print"

Installation and Use:

Installation and use are very simple, turn over the page to see how few steps are needed to get up and running on the Herbst Interest Calculator!

Herbst Interest Calculator

Multiple Calculations:

The screenshot shows the Herbst Interest Calculator application window. It has a menu bar (File, Edit, View, Help) and a toolbar with icons for Cut, Copy, Paste, Print, Add, and Reset. The main area contains several input fields: Principle (15000.00), Period (Years, 5), Gross Interest (3000.00), Interest Rate (4.000%), From Date (09 February 2000), Tax Deducted (60.00), Tax Rate (2.000%), To Date (09 February 2000), and Net Interest (2940.00). Below these fields is a table with 2 results. The table has columns for Fr..., To, Period, Principle, Tax Rate, Gross Interest, DIRT Rate, Tax Dedu..., and Net Interest. The first row shows 36 Mont... with a principle of 1000.00, tax rate of 4.000%, gross interest of 120.00, DIRT rate of 1.000%, tax deducted of 1.20, and net interest of 118.80. The second row shows 5 Years with a principle of 15000.00, tax rate of 4.000%, gross interest of 3000.00, DIRT rate of 2.000%, tax deducted of 60.00, and net interest of 2940.00. At the bottom, there is a summary section with labels: Principle Total (16000.00), Gross Interest Total (3120.00), Tax Deducted Total (61.20), and Net Interest Total (3058.80).

Fr...	To	Period	Principle	Tax Rate	Gross Interest	DIRT Rate	Tax Dedu...	Net Interest
		36 Mont...	1000.00	4.000 %	120.00	1.000%	1.20	118.80
		5 Years	15000.00	4.000 %	3000.00	2.000%	60.00	2940.00

Principle Total: 16000.00
Gross Interest Total: 3120.00
Tax Deducted Total: 61.20
Net Interest Total: 3058.80
