Silent Revolutions have happened in the world with the introduction of the latest technologies in PC, and the development of clever software which makes it possible now, for the owners and managers of companies to take full control of their business by having a day-to-day insight view of their financial status, stock control, credit control and expenses, cash flow and bank control and cash flow supervision. Now there is stable software on the market which makes it possible for even the most computer illiterate people to avail of the computer power without having to give up valuable time to take extensive computer training.

Herbst Computer Software, is one of the most advanced business and finance management systems available, with full accounts for small, medium and Large sized business. The ease of use was written for management to produce instant and on line information which can help them make crucial decisions in the company, without having to wait until the end of the month or until reams of reports are printed out. Apart from this being a complete business manager, it is also an accountant's "dream ". Herbst Software is the ideal and flexible tool to run and control the financial side of your business.

What Users say behind our back

“**Herbst Software** made it possible to replace our main frame system with a PC system which we all can access and understand...”

“Our accounts became a **pool of information** with Herbst Software, the steering wheel of our management. I never believed that my accounts could become so **simple** and **useful** at the same time thanks to Herbst Insight!”

“Herbst **FBI** is so user friendly that everybody in the company is using it now. We had another expensive product which we nearly never used because the information was always incomplete. FBI is now our most important tool where all **information is shared.**”

“All our key people are now utilizing the information provided from Herbst Insight, we work now from **factual information** rather than only from a "feeling".”

“Herbst Human Resource Manager with the **Integrated Payroll** has solved our problems with **Safety statements** and **Accident records** and on top of that HRM makes one of our main Cost centres, the payroll, freely available to management with the instant management analysis Grid views.”

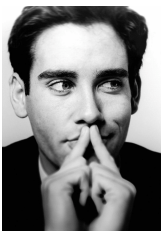

“One of the main strong points of Herbst Software must be the **stability** of their programs which is comparable with some of the best standard programs like word processors and spreadsheets.”

“Despite not being written especially for our company, Herbst Insight is so **flexible** and **easily customizable** that it fits to our requirements like a specialized program, only that we have also the advantage of **regular upgrades** and **services** which are all supplied by Herbst Software.”

“We have uplifted our administration personnel now to "money making" personnel and virtually created a near **paper free environment**. It has changed our office to a management pool.”

“I never experienced a sophisticated software to be so **user friendly** and easy to master for everybody in our company. From the Store-man to the operating manager is using it and takes full advantage of the screen views set up for them.”

“**Credit control** and **tele-sales** from our accounts program makes it so easy for even un-trained personnel to handle.”

“We never thought that we could join the **e-commerce** without specialized knowledge of the IT business. Our accounts are now available on the internet with one click from our herbst insight. We can give our customers a service we never thought we could afford...”

“The **copy** and **cloning** facilities in herbst software makes tedious work in the past now child's work. The **periodic transaction** facility makes small work out of routine periodic billing, direct debit payments and reversing of journals.”

“We never have to go back to the filing cabinet, as herbst insight **drill down** facilities and the relational database shows us all the documents and transactions related with one mouse click Just fabulous...”

“Since we have installed **Herbst Software**, I get involved with my accounts, as the data is useful and always up to date and when I talk to my customers I can just fax or e-mail information from the screen to my customer while he is still on the phone, Amazing!”
