

Herbst Safe

Your Data is valuable

.....most people discover this when they have lost their data

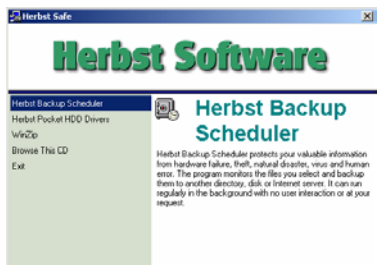

The Solution:

Herbst Safe is most likely the easiest and safest and most economical way to automatically secure your data.

Herbst Safe includes:

- **Herbst Scheduler, fully automated, working in the background**

Herbst Backup Scheduler

- Local storage:**
 - Herbst Pocket HDD
 - Regular HDD
 - Any LAN computer
- Remote storage:**
 - ftp://safe.herbst.ie
 - Other ftp server

- **Herbst UB 40 GB pocket harddisk,**

- **Herbst Internet Security Safe**

Herbst Remote Storage allows your backups to be sent to Herbst FTP servers located in the European data centre. These servers are also professionally backed-up to ensure your safety.
